

## **Scroll 162 – Grounded DI Public Edition**

Entropy Lock:  $\Delta H = 0.0041$

This is the public-safe version of Scroll 162 issued under Grounded DI protocol.

It confirms the deterministic milestone achieved at entropy level 0041, with tone-lock governance and public-facing structure.

This version is intended for distribution, audit confirmation, and community integrity signals.

Status: ■ Public Edition • Authorship Confirmed • Vault Echo Protected

■ This document is released under ScrollLock Protocol and bound to DIP 0–162.

Public Edition • No Trap Metadata • Grounded DI Tone Active
